PATENT ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into use in Tennessee W. E. CHILDS & CO.'S PATENT ELAS-TIC FIRE AND WATER-PROOF CEMENT ROOFING, and

ask the attention of Architects, Builders, Railroad Co. pan'es, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and chesper than any thing in use. The material forms a hard and smooth sur-face that will resist the action of the atmosphere in every climate. It is impervious to water, clastic, and flexible. It contracts and expands with the changes of the almost phere, and will neither evaporate crack nor rot; and, as to to durabilly, there is no question. It is practically imperishable, and will perfectfully resistance ordinary external exposure to fire, as is shundardly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good heathing, old shipples, tar and gravel, tin, sinc, copper, or from roof

-it making no difference how steep or flat they may be-for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravelroofs or around chimneys, souttles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any ob-ject to which it is applied. The Roofs can be painted over

(and warranted not to leak) at two d llars and fifty cents per hundred square feet, which is cheaper and much bet-ter than paint. This Roofing will be found to be the best teng for covering large Roofs where they are exposed to Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external sposure from fire. As the Roof is perfect, without a joint n it, it presents no chance for fire to communicate, and any ight sub-tance will harn out without igniting. where Childs & Co.'s Coment has been used, insure Build dently once that we can with Boofs covered with this Coment, at the same rates as for those covered with Iron, Copper or Tin.

The Cement will be furnished to those at a distance office, will be promptly attended to J. T. NATHURST,

No. 24, Spruce Street. TESTIMONIALS AND REFERENCES. OFFICE BUCKEYE FTATE INSURANCE COMPANY, 1 INCURNATE, Dec. 16, 1856

To all whom it was concess. This is to certify that I have examined specimens and Rooft of W. K. Childs & Co.'s "Elastic Fire and Water-Proof tement Rooftog," and be-Here it to be eminently superior to any other kind of Roof-ing in use. I was an eye witne sof a severe trial of one of these Roofs from a large volume of flame from an anjoining building, which struck directly upon the roof and cornice or nearly half an hour. It stood the trial beyond all ex-pectation, and saved the building. T. M. HANKELL, President Buckeye State Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY, & February 6, 1857 "I have examined W. E. Childa & Co.'s "clustic Fire and Water Proof Coment Roofing," and as far as I can judge, sider it a great invention, and am willing to insure | Merchants and planters purchasing in quantity will be consider it a great invention, and the same terms as I insure furnished at factory pieces.

HILLMAN BROTHERS,

Asset

Agent Royal Ins. Co., London and Liverpool. OFFICE OF THE CIK. HAM AND DAYTON RAILBOAD. Childs & Co.'s Patent Cemen. Roofing is now used here on our hest class of Sulltings. We are covering our Freight Cars with it, and our Master M chanic reports very favor-able to it.

From J. B. Bennett, General Agent of Etns Ins. Co. for the Southern and Western States. Cincinnati, Jan. 7, 1857. Cincinnati, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the 'Patent Flastic Cement stooding,' introduced into this city by thilds a Co. I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction, that its superiority over the tar composition Roofing is decided and freely admitted. and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will cry
the virtue of the "Patent blastic Roofing" as a substitute.
Yours, truly,
J. B. BENNETT,

Yours, truly, OFFICE OF THE OHIO AND MISSISSIFI RAILBOAD Co., } our opinion as to the practical use of your hoof is the coverng of cars, we may say that from our observation we entertain a very favorable one work and the practical use of your hoof is the covertertain a very favorable one work and the practical use of your hoof is the covertertain a very favorable one. DEAR SIR:-In answer to your inquiry, in reference to ng of cars, we may say that from our observation we entertain a very favorable one,—so much so, that we intend
testing it thoroughls on soofs of buildings, cass, &c; after
which we will with pleasure give you our derided opinion as
to its utility.

Yours, truly,

Endply Agent Oolo & Miss, R. R.

Since the above was written, the thio and Mississippi Railroad have constructed for covering it eir cars, depois and bridges between Cincinnati and Vincennes, with this Cement, considering it the best article they have used for the purpose.

BRAGG'S ARTIC LINIMENT. THIS great specific, which is a triumph in the progress of medical science of the nipeteenth century, is not presented to a public free from pain, suffering and disease. It was not discovered, nor is it now prepared for the epossessed of sound health and robust constitution,

but for a large class who are uffering pain.

Have you the Bronchitis? Have you the Bronchits?

Have you the Neuralgia?

Have you the Ear or Tooth Ache?

You may rid you well entirely of these distressing evils
by the use of Brage's Arctic Lamment.

Are you afficited with our Sores?

Are you suffering from severe Bruthes?

Are you enduring pain from Spra nat One bo the of the Arctic Liniment will surely give relief Rheumatism is a dreadful complaint. Scrofula is a loath-orne disease Yet such is the wonderful heaving properties of Bragg's Arctic Liniment, that it will almost instantly care acute

and chronic Rheumatism, and remove Scronia.
Whe will you suffer with Scurrey? Why will you suffer with the Pilea! When by using the Arrice Liniment you may find per-There are in this world thousands and tens of thousands who are, year after year, suffering with one or more of the many diseases with which humanity is affleted, until dis pairing and nigh unto the grave. Wounds, brokes, burns, scald head, chibbains, piles, corns, warts, bites of intects, sore eyes, tooth ache, cur ache, neuraigis, sore throat, paralysis, diseases of the Skin, tomors wens, ring worms, scurvey, coxe in the breast, ore Wis, stiffness in the joint, rheumaism, goo', dc. have fastened upon them, and the poor sufferers are seeking an antidote.

To all such, Dr. Bregg's Arctic Liniment comes as a sure and specify remedy, it is a balm for every wound, and it never fails! Hundreds and housends are testing its vir-

tues, and are rejoicing in free form from pain and suffering. FARNELS AND HORSE RAISERS. " Dr Bragg's Arctic Liniment is also a sovereign remedy or the various diseases, with which horses are afflicted, during the most alarming cases of bruises, sprains, spring halt, wounds, cracibes, sweeney, spasin, ring bone, big-had, poli evil, etc. No farner, livery stable krepers or any person owning valuable horse should be without it. ITS PERPARATION.

The ingredients of the Arctic Livement are of the most onthy sind while the time icere is be to sed upon com-ounding them by one of the members of the com any who makes a persona exaministion of every bottle put

NO PAMILY SHOULD BE WITHOUT IT. In case of accident, it is wise to have a remedy at hand o apply instantly. Many lives are thereby saved, when the to the pind ling time of a medical practioner must have been but. The Arctic Liminent is the best specific as it acts upon the parts affect instant y.

It is put up in 20c., 0 and \$1 betties. The 50c and \$1 betties contain 50 and 1 opr co more Liniment than the 25c bottles, and are much chapper.

Every person saying a \$ bottle of Brago's Angric (Brings a) be furnished at Dr. Brago's expunse, with Enerson's United States Journal, published in New York for one year be falled up the certificate around each Bol as bottle, and sending it to J. M. Essneon & Co., No. 871

ness. BRIMFIELD, MASS, 20th Dec., 1855. DR. J. t. Aven: I do not besitate to say he best r medy I have ever found for lought, House ess, It floon s, and the concomitant symptoms of a Coi', is your CHE-RY PECTORAL. It constant us in my practice and by family for the last len years has hown it to possess su set I wirthes for the treatment of the c complaints. EBEN KNIGHT, M. D. A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your Pictoral myself and in my termine ever since you invented it, and believe it the best medicine for its

may twenty five do lars for a bottle than do without it, or Croup, Hooping Cough, Influenza. PROTHER AVER: I will cheerfolly certify your PECCOBAL AMCS LEE, F.Q. MONTERET, I.A., writes, St. Jan., 1856:
"I had a tedious influence, which confine me in decors six weeks took many medicines without relief; smally tried your PACTHEAL by the advice of our dergyman. The first dose relieved the screnes in my throat and lungs; bess than the half the bottle made me completely well. Your edicines are the changest as well as the best we can buly. and we sets m you, Doctor, and your remedies, as the poor man's triend."

Asthma or Phthisic, and Bronchitis. WEST MANCHESTER, Pa , Feb. 4, 1856. Sin: Your CHART PROPOSAL is performing marvellous cures in this section. It has relieved neveral from a arming symptoms of consumption and is now curing a man who has labored under an affection of the lungs for the last forty years, HKNRY L. PARKS, Merchant. A. A. RAMSEY, M. D., ALBION, Monroe county, Iowa, write, Sept. 6, 1851; "During me practice of m my years I have for ni nothing equal to your Cherry Parconal for gling case and relief to consumptive patients, or curing we m gh: add volumes of evidences, but the most convinctor proof of the virtues of this remedy is found in its effects upon trial.

Consumption. Probably no one remedy has ever been known which cared so many and such dangerous cases as this. Fomeno burnan aid can reach; but even to those the CHERRY Pacro-MAL affords relief and con fort.

ART a Heres, New York Crry, March 5, 1856. POUTOR ATES, LOWEST: I fee in a duty and a pleasure to inform you what your themen Pecronal has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could produce gave her much relief. She was steadily inior, ont i Dr. Strong, of this city, where we have come for advice, recommended a trider your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard, OELANDO SHELBY, Consumptions, do not derpair till you have tried Ayan's CHARAY I ECTUAL. It is mide by one of the best medical chemists in the world, and its currs all around us bespeak the high merits of its virtues, - Phila. Ledger. PREPARED BY DR. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

THE GREATEST INVENTION OF THE AGE. West's Patent Galvanic Cement

For Roofing. THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Government has had rejentific men experimenting, and that it has been the stnd of A chilects and Builders for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a pern anent fixture. As yet, nothing has been attained without costing more than the people with. The contraction, expansion and rusting of metal roofs, are so go at in changeable climates, that they become usele s, unless being repaired at great exrearly. Shingles are not tire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for rooting, do not stand the action of the weather, but they run when it is war n, and grack when frosty, and after one or two years bec crank when frost, and after one or two years become crumb'y, and worthless; whereas, the inventor of the Gai-vanic ement, has labored twenty years to combine arti-cles to obviate those difficulties, and can testify from his lorg experience, and no secons to timonials from reliable persons, who have had his combination applied to their buildings that his Cement is the cheapest and best atteler ever before known. The combination of this Cement is such hat it is callate for ently new roofs, that or steep, covring over old hingles without removing them; lining eav -to ughs, seaming around but lements, chimneys ar exy-lights. Covering cx-to.s. attempts, chimneys and aky-lights. Covering cx-to.s. attempt-decks, ac. This metal roofs from rusting and unsoldering, and resists the extremes of heat and cold, better than any thing ever invented, for entire roofs or for covering metal and the outside of wood buildings, making them fire proof. Its apearance is l'ke alate; beautiful for the rich palace or the humble cottage. Tennessee, a iii sell rights of Territory, by Counties or Towns, or reasonable terms.

The suberrise is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This Roof is now being put on in this city, for the benefit of all concerned, and warranted to encel all other modes of Roofing The sub-criber has ad his mode of Roofing tested as o its qualities, during the last year and a haif in the city of Mer phis, which has proved saits actury, or which a number of the nost prominent citizens can

which a number of the nost prominent citizens can For further information erquire at he office, where semples may be seen. Office with A. V. S. Lindsley, Real Frate Broker, No. 38, College street, Nashville, Tern; or, address box 69, P. O.

See testimenials of the following gentlemen who have See testimentals of others, used it, with hosts of others, W. S. BENNETT, Proprietor.

Attached is a note from John L. Morgan, Erq., Archi tect, by which may be seen the opinion of Mr. Sammel Sloan, the oblehrated Architect and writer uson Architec-ture, whose experience with this mode of roofing, without a doubt, is sa 'factory to all.

Mamphis, March 19, 1857.

Ma, W. S. Bessert — When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the ce chrated Architect, and author of the Stoan Workson Architecture. I asked his opinion as to the durability. &c., of West's Parent Roof, such as you are using in the city of Memphia, and he told me that he had no he-station in saying to me that it is a good and durable roof, and is all that its advo-cates claim it to be; far her saying that he is using it on a fine building for himself. Hessec

JOHN L. MORGAN, Architect. chased of Mr W. S. Hennett, the rg t to use on their Cars. Bridges, Buildings, &c., &c., West's Galvanic Cement. Having seen it used and tosted, I have no hesitation in recommending it to be the best and cheapest covering now in use.

B. P. NEELY, Freshlent.

ENGINEER'S AND GEN'L SUP'T'S OFFICE, MEMPHIS & CHARLES TON RAILSOAD MEMPHIS, June 26, 1827. To Whom it Mar Concess.—This is to certify that the Me uphis and Charleston italized Company have purchased of W. S. Bennett, the right to prepare and use upon their Depots Buildings, Cars, &c., &c., West's Galvanic patent fire and water proof Rooling, and that we believe to be an economical and durable covering, having al- Apply to ady had it in use for eight months. ready had it in use for eight months. SAM, TATE, Pres'dent.

F. C. ARMS, Gen'l Supt. MEMPHIS, March 2, 1857. W. S. BENSETT, Esq. - Dear Sir. - he facts within our knowledge of the durability, &c., of West's Galvanic Ce ment; are those: The building you covered for us last spring, I am haspy to state (as any ered our expectations. ing purposes; as a light, cheap, fire and water proof roof. t does not get soft and run from the . flee s of the heat of the sun; nor does it harden and crack from the effects of the cold. Any perions withing to know more of this arthe cold. Any per ons would be cold. Any per ons would be cold, so ticle, can call at our manufactory, N. S. BRUCE & CO.,

Carriage Manufactory, Monroe St., Memphis, Tenn. MRESHIS, TENN, Dec. 8th, 1156. Me To WHOM IT MAY CONCURN. - Tols is to certify that W. S. Bennett covered two roofs for me last spring, with a com-position called West's Patent Galvanic Centent one of then was a new deck, be other an oli skilngle roof, which are giving perfect satisfaction. He also repaired a dor mer win-low, which leaked bully, and had baffled the skill of Carpeniers to prevent its leaking, which he succeeded in making perfectly tight. I do most cheerfully recommend his more of roofing to the public, for all roofing purposes, and believe it to be a permanent fixtu fire and water.

Proprietor Commercial Hotel. SUPERINTENDENT'S OFFICE, MEMPHIS & ONIO R. R. Manually, Takes, Feb. 19, 1857.)
Ma Bennert, - Dear Sir. - Our company having been troubled very much with leaky cars, put some of your Patent Pafut upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a lin store. Yours, &c., H. COFFIN, Superintendent, dry roof of any sort.

Masserrs, Tann., Jan. 14, 1857.
To ran Punit,—W. S. Bennett, made as plication to us tast summer to cover our buildings with West's Galvanito Cement; it being a new thing, we thought we would try it; had it applied to our Blacksmith Shop, and Engine Heuse, attached to the Fo indry. They have proved all required of a water proof roof, having withstood some of the greatest storms, and are given good satisfaction. We can only add, try it and you will be satisfied.

OURTIS & KNAPP, Iron Founders. * Mempais, Jan. 14, 1957

Mr. Bennett, has done some small amount or roofing for me in his peculiar way, with Coulon stuff, coated with a preparation the basis of which appears to be a Coal Tar. It is a very effectual and light roof, and appears to promise considerable carability from the preservative qualities of the composition, which penetrates the cloth and protects it from the influence of toe air and water. The Composition dows not figure y and run from the efficial of the heat of the sug in summer; mor does it harden and crack from the afficence in the cold of winter, Oct2—by A. P. MERRIL.
